# TOWER INN CAFE

Rois Feb 14th 1986

Dear Friends, it was October of 1985 when I was introduced to a breathtakingly beautiful girl from Curacao, at the old EMU library. I fell in love with her instantly. Eros, the Greek god of love, aimed his bow and took a quick but accurate shot at me. To my bad fortune, he missed her! I did everything to impress her. I even bought every Air Supply and Julio Iglesias record! She wanted to just be friends. On Valentine's Day in 1986, I had the most brilliant idea. I made a heart shaped pizza with pesto and shrimp and wrote "I love you" on it with goat cheese! And there I was, in front of her apartment door armed with my two strongest weapons, my cooking and my humor (and of course my good looks) ...

I felt just like my Greek ancestors in the Trojan Horse trying to conquer her heart." Pizza Delivery!", I shouted. There she was looking more beautiful than ever. The rest is Greek history! (Then I had to leave because I had three other heart shaped pizzas in the car, just in case... kidding). We graduated from Eastern in 1990 and in 1997 we bought the Tower Inn where we had our first date. We work side by side every single day ever since. Our food is made with lots of love and we are trying to win your hearts as well, every single day. Looking forward to Creating Delicious Memories, Nathalie and Rois Savvides
